

# TERRES SECRÈTES®

## BOURGOGNE PAR NATURE

COLLECTION

TERRES  
SECRÈTES

Choosing a Burgundy from «Terres Secrètes» is not a trivial affair. It means you are entering the Mâconnais, the heart of living Burgundy ; beautiful, natural and unspoilt.

## BOURGOGNE PINOT NOIR

### GRAPE VARIETY AND TERROIR

This wine is made from Pinot Noir, the noble red Burgundy grape variety. Delicious yet well structured, the wine reflects the typical character of this demanding and sensitive grape variety and the local calcareous clay soil.

### VINIFICATION

The vinification methods used bring out the typical character of the local soil and grape variety used - harvesting of the grapes at an optimal degree of maturity, sorting of the harvest, 8 days in vat, punching and pumping over of the cap, temperature controlled fermentation, maturing in stainless steel tanks before bottling.

### CELLAR MASTER'S NOTES

This wine displays a bright ruby colour with purple highlights. Open and expressive on the nose, the wine develops aromas of black cherry, blackberries and strawberry jam. Smooth, supple and refreshing, with blackcurrant aromas on the palate.

### SERVING AND ACCOMPANIMENT ADVICE

Ideally served at 14°C, this wine will go well with roast and grilled meats, duck stew, assorted cold meats, game terrines and Saint-Marcellin cheese.

### LOCATION OF THE VINEYARD
