VINEYARDS

The 15 year old vineyards are located in the Valley of La Aragona, called Término de Arriba, 700 meters above sea level. The soils are composed of sand and limestone, and the yield is about 4 Tons/Ha of very small and high concentrated berries. The harvest took place early to mid October and fermentation with the skins was carried out for 10 days in stainless steel tanks not exceeding a temperature of 24°C / 75°F.
