TASTING NOTES

Lively and enticing, this red blend impresses with ripe plum flavors and plush texture. Hints of dried figs and round tannins lend the wine depth, while crisp acidity and a peppery finish make each sip truly satisfying. Terrific value.

VINEYARDS

The 15 year old vineyard of Syrah are in trellis system, and the 25 to 35 year old vineyards of Monastrell and Garnacha are in drought tolerant vineyards in the goblet or bush vine system. The vineyards are located in the area known as Término de Arriba, between 700 and 800 meters above sea level in the winery's surroundings and are planted on sandy and lime soils. The yields are 4 tons/Ha for Syrah and 3 tons/Ha for Monastrell & Garnacha, producing very small, highly concentrated berries. Every variety is fermented separately for 10 days with their skins in stainless steel tanks not exceeding the temperature of 24°C/75°F.
